

```
grid_utilities::apply  
_disc_1d_complex
```

```
graph LR; A["grid_utilities::apply  
_disc_1d_complex"] --> B["grid_utilities::apply  
_disc_4d_complex"]
```

A diagram illustrating a transformation or relationship between two utility functions. On the left, a gray rectangular box contains the text `grid_utilities::apply_disc_1d_complex`. A dark blue arrow points from the right side of this box to the right side of a white rectangular box on the right. The white box contains the text `grid_utilities::apply_disc_4d_complex`. Both boxes have a black border.

```
grid_utilities::apply  
_disc_4d_complex
```
