

```
eq_ops::create_vmec  
_input
```

```
graph RL; A[eq_ops::calc_eq::calc_eq_2] --> B[eq_ops::create_vmec_input];
```

A diagram showing a call from the function `eq_ops::calc_eq::calc_eq_2` to the function `eq_ops::create_vmec_input`. The call is represented by a blue arrow pointing from the right box to the left box.

```
eq_ops::calc_eq::calc_eq_2
```
