

```
sol_utilities::calc  
_loc_sol_vec
```

```
graph LR; A[sol_utilities::calc_loc_sol_vec] --> B[str_utilities::i2str]; B --> B;
```

The diagram illustrates a sequence of operations. It begins with a call to the function `sol_utilities::calc_loc_sol_vec`, which is represented in a grey rectangular box. A straight blue arrow points from this box to a white rectangular box containing the call to `str_utilities::i2str`. Additionally, a curved blue arrow originates from the top of the `str_utilities::i2str` box and loops back to its top, indicating a self-call or a loop in the execution flow.

```
str_utilities::i2str
```
