

```
eq_ops::calc_jac_h  
::calc_jac_h_ind
```

```
graph LR; A["eq_ops::calc_jac_h  
::calc_jac_h_ind"] --> B["str_utilities::i2str"]; B --> B;
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text `eq_ops::calc_jac_h` and `::calc_jac_h_ind` on two lines. A straight blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text `str_utilities::i2str`. A curved blue arrow originates from the top of the white box and points back to the top of the white box, representing a self-call or a loop.

```
str_utilities::i2str
```
