

```
files_utilities::get  
_full_pb3d_name
```

A diagram illustrating a function call between two utility classes. On the left, a gray rectangular box contains the text `files_utilities::get_full_pb3d_name`. A blue arrow points from this box to a white rectangular box on the right. The white box contains the text `str_utilities::i2str`. Above the `i2str` box, a blue curved arrow loops back to point at the `i2str` text itself.

```
graph LR; A[files_utilities::get_full_pb3d_name] --> B[str_utilities::i2str]; B --> B
```
